Number of Parking Spaces	N/A	Parcel 1 Parking Spaces:
		Parcel 2 Parking Spaces:
	Notes: 1. One space is required per unit. Except, none required within a ½ mile of a high-quality transit corridor or major transit stop (i.e., line frequency of 15 minutes during peaks), or where a car share vehicle is in one block. 2. Parking located in the front setback does not count towards meeting the required parking. For R-1, it is the area within 20 feet of the front lot line. 3. Parking dimensions detailed in PMC Section 17.48.040(B) . Common standards: 9'x18' open unobstructed spaces, 10'x20' covered spaces.	
	Aspects Incorporated into the Project	
Access	Parcels have access to, provide access to, or adjoin public right-of-way.	
Setbacks	1. Setbacks are identified in the survey/tentative parcel map (setbacks are distances from structures to lot lines and distances between structures). 2. Setbacks from the existing front lot line shall be at least 20 feet, consistent with general R-1 and LDR zoning standards. Setbacks from other existing or new lot lines shall be at least 4 feet. Setbacks between detached structures on the same lot shall be at least 6 feet, as measured from the roof overhangs. 3. No change in setback is required for an existing structure or a structure constructed in the same location with the same dimensions.	
Demolition/Alteration of Existing Units	No demolition or alteration of a unit that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income. No demolition or alteration of a unit occupied by a tenant within the last 3 years.
