**LIVE WHERE YOU WORK.
LOVE WHERE YOU LIVE.**

Meet Home Match:

Looking for affordable rent? We match community members looking to rent a bedroom or Accessory Dwelling Unit with home providers looking for extra income. We'll help find the best person to share a home with—someone who compliments your lifestyle and interests. We interview, screen, run background checks, and support you throughout the process. Our no-cost service is available now. Home Match is the way to live where you work and love where you live.

I was very impressed with Home Match staff's professionalism, friendliness, and expertise. I felt encouraged, supported and in good hands! Home Match helped me find an affordable place in a beautiful area, and so close to work.
